5	Project follow-up	1
6	Updates from other meetings	2
7	Other Matters	2

1 Opening

The meeting was opened by Athanasios at 13.15. Martina was made secretary.

2 Agenda

The current agenda was approved by the board.

3 Next meeting

The next CPPC board meeting will be held in the end of September, final date TBD.

4 Follow up on on previous CPPC meeting – Minutes

The minutes from last minutes were discussed. Updates are summarised under the project follow-up.

5 Project follow-up

- ISP survey

A reminder of the ISP survey will be sent out and it will be extended for two weeks.

- Pizza days

CPPC plan to arrange Pizza days where an after work is arranged with invited speakers from industry and academia to give career talks. The first event will be a pilot to see if there is interest to make this a reoccurring event. The details of the plans for the days were discussed.

- The date was shifted to 9th of October, start time approx. 17.00
- High interest from invited speakers to participate, although for the later events. This event Adriana Canales Ramos and Julia Maibach will talk.
- Pantea will prepare an attendance form for signing up for the event. Thanos and Björn will send out emails with information and make a poster for the tv:s
- Luftbryggan will be booked for the event.
- Start by focusing on inviting PhD students

- Doctoral education evaluation

Björn gave a short summary on the work on the Doctoral education evaluation project. The report is yet to be finalised.

- Buddy system

11 new students have been assigned a buddy. The next intro day will be on Oct 14th.

- Other updates

Next meeting we will discuss future possible candidates interested in joining the CPPC board.

6 Updates from other meetings

No meeting updates.

7 Other Matters

SNF, the students education board at the department of Physics, has reached out to us for inviting PhD students to present and attend their next cocktail party in November. We should arrange for speakers and invite them to this.

The meeting was closed at 14.30
